TempCheck3[®]

Single-use Strip Chart Temperature Recorder

The TempCheck3 is a reliable and cost-effective strip chart temperature recorder for all shipping and transit applications. The TempCheck3 is driven by a high-torque quartz motor and displays the time and temperature on strip chart paper in both Celsius and Fahrenheit.

Full Serialization:

The recorder and the strip chart share the same serial number for positive identification.

Factory Sealed:

A unique feature is the silver polyester tamper evident seal. If any attempt is made to remove the seal, the word VOID appears on the seal and the case.

Verification:

Marathon offers, at no cost to the user, a post-trip verification service. Simply return the instrument for us to check and verify the accuracy against our NIST traceable standards.

Recycle:

TempChecks are for single-use only but we encourage recycling. Please contact your local E-Waste for proper recycling of these units.

Note: a minimum order consists of 24 units; product shipment is Same Day if the order is placed before 2pm Pacific Standard Time.
